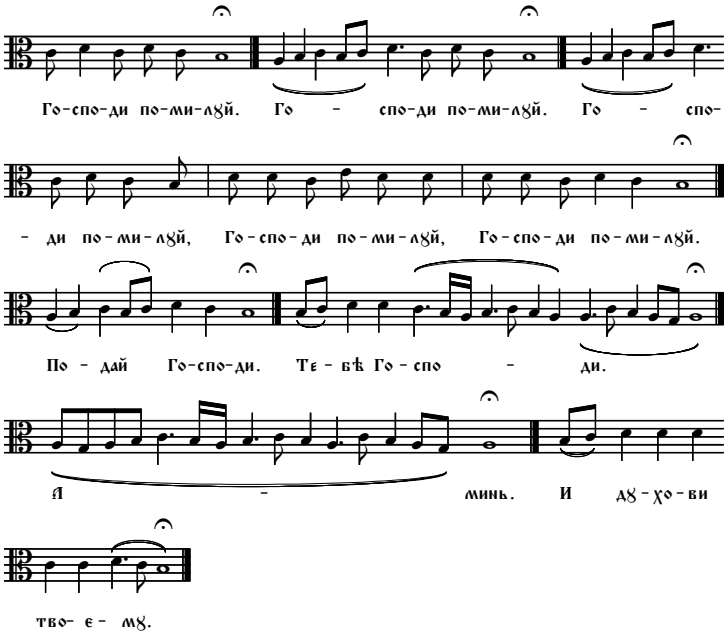
Lenten Litany Melodies in the Irmologion of L´vov, 1709



‘И дѹховн твоємѹ’ is from the edition of 1904; in the edition of 1709, the melody ends in an eighth note, and I don’t know how to reconstruct the original. (It’s probably in other old irmologia, but I haven’t been able to go to a microfilm reader to look for it.)
